ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after December 12 cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to December 12, 1975. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the fall semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission and other information from the Records Office, Room 119, Administration Building.

RESIDENCY CLASSIFICATION

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age

Persons over age 60 may register to audit any degree credit course without charge on a space available basis. Call 454-2671 for further information.

REGISTRATION PROCEDURES

At Memphis State University, the registration process is composed of the basic steps outlined below. After the outline, each step is explained in detail.

- (1) Consulting with academic adviser
- (2) Obtaining registration materials
- (3) Securing class cards and paying fees
- (4) Changing enrollment status
 - (a) Change-of-course procedures
 - (b) Withdrawal procedures
 - (c) Change of college, major, or adviser
 - (d) Change of name or address
- (5) Credit by examination

(1) Consulting with Academic Adviser

To begin the registration process, all student must see their academic adviser to obtain the "Student Schedule" form and secure the adviser's approval of their course selections. More specific instructions are as follows:

Current Students

Current students should consult with their academic adviser during the term preceding their next semester registration and receive the "Student Schedule" form. It is the responsibility of the student to arrange to see his adviser at the earliest possible time. This should be done prior to the semester registration period. The University is open Monday through Friday, 8:00 a.m. to 4:30 p.m.

New Students (Undergraduate)

Freshmen and transfer students registering for the first time should attend a new student orientation session in which information concerning the registration and advising process will be given. (See semester calendar for date and time.) All new freshmen students will be assigned to the General

Advising Center. Also, transfer students without an academic major will be assigned to the General Advising Center. Students assigned to the General Advising Center should go to the Center immediately after admission to the University and request the assignment of an adviser. If possible, this should be done prior to the new student orientation session. The General Advising Center is located on the first floor of Jones Hall. Advisers will be assigned during the orientation session to students who have not seen an adviser.

New Students (Graduate)

New students in the Graduate School will be directed to an academic adviser following their admission to the Graduate School.

New Students (Evening Division)

New students enrolling in the Evening Division must attend the information session to be held in the University Center Ballroom. (See Semester Calendar for date and time.) Advising and registration information will be given at this session.

Readmitted Students

Students readmitted to the University for the spring semester who do not have an academic major will be assigned an adviser in the General Advising Center, first floor Jones Hall. All other readmitted students should report to the department in which they plan to major and request an adviser.

Term Special, Adult Special, Special Undergraduate, and Audit Students

Students who are classified term special, adult special, special undergraduate, or audit should go to the General Advising Center, Room 109, Jones Hall, for advising assistance.

(2) Obtaining Registration Materials

The second major step in the registration process is obtaining registration materials. Registration materials consist of four basic elements: (1) a personal data form entitled "Student Information Form," (2) a card entitled "Registration Appointment Card," (3) a card entitled "Student Fee Card," and (4) a permanent ID card. Registration materials may be obtained as follows:

Current Students

Registration materials will be mailed to the permanent address of all students currently enrolled—with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a university office.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared will receive their materials by mail. Students not clearing in time to receive their materials by mail will be given a chance to obtain materials before the actual day of registration and will receive instructions on how to accomplish this.

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, AND SPECIAL STUDENTS.

New students will be given information concerning ID cards in their information sessions. Current students who have lost their card may obtain a replacement from the Dean of Students' office or the Packet Center before registration by paying the replacement fee of \$10.00.

(3) Securing Class Cards and Paying Fees

Students having their "Student Schedule" form approved, their permanent ID card made, and their registration materials are then prepared to enter the Registration Center to obtain class reservation cards and to pay fees. Important points to remember about this step in the registration process are:

- (1) Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." (See example.) Registration priority at Memphis State University is based on cumulative hours earned. For a complete statement of policy on registration priority, see page XI.

Specific time for DAY registration _____

The diagram shows a flowchart where arrows point from the registration details above to a sample "REGISTRATION APPOINTMENT CARD". The card is a rectangular form with rounded corners, containing fields for "STUDENT ID", "ADDRESS", and several columns of "COURSE CODE" and "SECTION NUMBER". Above the card, there are two sets of horizontal lines for "NIGHT" and "DAY" registration times and dates. Arrows from each set point to the corresponding sections on the card. Below the card, there are two numbered instructions: (1) DO NOT FOLD OR MUTILATE THIS CARD OR REMOVE FROM THE PACKET. IT MUST BE PROCESSED ALONG WITH YOUR CLASS CARDS. (2) ENTER THE REGISTRATION CENTER ON THE DATE AND TIME SPECIFIED ABOVE TO OBTAIN CLASS CARDS AND PAY FEES.

All students should attempt to enter the Registration Center at the appointment time indicated; however, the student may enter at any later appointment time.

- (2) Schedule conflict — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course number, section, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict. Students should be careful to check the schedule for course offerings that might have changed. Up-to-date information can be obtained during registration.

(3) Special Courses

Credit-No-Credit — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found on page 43 of the 1975-76 undergraduate Bulletin.

Procedures for registering are as follows: (1) Obtain permit form from academic adviser, complete information on the form and secure adviser's signature, (2) go to department chairman's office in which course is taught and secure his approval, (3) obtain "Class Card Request" form from department chairman, (4) take completed permit form and "Class Card Request" form to the Registration Center at the appointed registration time.

Audit Courses — In order to register, the student must: (1) Obtain academic adviser's approval, (2) go to department in which course is taught and pick up "Class Card Request" form, (3) take "Class Card Request" form to the Registration Center at his appointed time.

A student auditing a course will receive "audit" on his/her transcript only if in the judgment of the instructor he/she has attended a sufficient number of classes to deserve the notation on the transcript. Faculty will base their decisions for awarding "audit" only on attendance as the student is not allowed by policy to participate in any other way.

- (4) Payment of fees — Registration is not completed until fees are paid. Since there will be no deferment of fee payment, *students should not enter the Registration Center unless they are prepared to pay fees*. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center.
- (5) Students who fail to register during the regular registration period may register beginning on the first day of classes. These students will be charged a \$5 late registration fee on the first day and an additional \$1 each day thereafter.

Fees for the Spring Semester

Undergraduate

	Resident	Non-Resident
Per semester (full-time student)	\$206.00	\$626.00
Per semester hour (part-time student)	18.00	54.00

Graduate and Law

Per semester (full-time students)	\$224.00	\$644.00
Per semester hour (part-time student)	21.00	57.00

The listing of these fees in this publication does not constitute a contract between the University and the student. Because of rapidly changing conditions, it may be necessary to alter the fee structure after this schedule of classes is published. As a condition of registration, each student will pay the fees in effect at the time he registers.

Parking Fees

A decal is required for main campus parking. The decal costs \$4, which is payable at the time of registration. A student must have a validated ID card prior to purchasing a decal.

Refund of Fees

If a degree credit student withdraws from the University within seven days from the beginning of classes, a refund will be made of 80% of his fees. Each week thereafter, the amount will be reduced to 20%. For information, see page 20 of the undergraduate Bulletin.

(4) Changing Enrollment Status

Once the student has completed his initial enrollment, he may find it necessary to change his enrollment status. Comments outline those procedures to be followed in changing status.

Change of Course

After a student's registration is complete, he may—within specified time limits—change his class schedule through the process of adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the spring semester Calendar on page III. A fee of \$3 will be assessed for each course which is added or dropped. No change of course is processed until the fee has been paid.

Withdrawal Procedures

Students may withdraw from the University by notifying the appropriate University official in person or in writing.

- (1) Undergraduate Students — Notify the Office of Special Services, Room 118, Scates Hall
- (2) Evening Students — Notify Records Office, Room 119, Administration Building
- (3) Graduate Students—Notify the Dean of the Graduate School, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar on page III.

Change of College, Major, or Adviser

Undergraduate students in the College of Arts & Sciences, Business, Education and Engineering may change college, major, or adviser by making application to the College in which they are currently enrolled. The student should make sure that all advising files are forwarded to his new college. After being assigned an adviser, the student should come immediately to the Records Office.

Graduate students desiring to change majors should fill out a change of major form in the Graduate School office.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his name and address current on University records. Opportunity for changing addresses is provided, on the "Student Information Form" in the registration materials. However, in order to change social security number or name, the student must come to the Records Office in the Administration Building. Students who change their address should leave a forwarding address with the post office so that all University mail will reach them at the new address.

IMPORTANT: All changes should be made early during the semester to insure their processing before the next semester.

(5) Credit by Examination

Almost all courses in the undergraduate curricula, except for those of laboratory, research, and performance variety, are available for credit by examination. Students who believe they have already mastered the material of a particular course offered at Memphis State may take a departmentally administered examination for credit in that course. Students should consult the department chairman to make application and to obtain information concerning the courses offered.

The following regulations govern the granting of credit by examination:

- (1) Any enrolled student—full-time, part-time, or extension—who is in good academic standing may make application to take an examination for credit. A student who has been admitted but has not yet registered for courses at Memphis State will have the credit earned by examination posted after he has enrolled. Examinations may not be given to students in sequential courses numbered lower than those the student has already completed.
- (2) Permission to take a credit examination must be obtained from the chairman of the department in which credit is sought and from the dean of the college in which the student is seeking a degree. When permission is granted and after payment of the cost of the examination, the Dean of Admissions and Records will issue an official permit for the examination.
- (3) The form of the examination, the method of administering it, and the time of examination are left to the discretion of colleges and departments.
- (4) To receive credit, the student's examination grade should be a grade equivalent of at least a C. There are no restrictions governing the number of credit hours which may be earned through credit by examination. Credit is indicated in the student's record as Cr. and included in the hours accumulated by the student but not included in ciphering his grade point average.

Credit by Placement Examination

In departments in which placement examinations are given, a student may elect to receive credit for certain sequential courses numbered lower than the course in which the student was placed as the result of the examination. Recording of credit may be requested by the student upon completion of the course in which he was placed and is contingent upon his having earned a grade of C or higher in the course. The fee for recording the credit is the same as that for taking an examination for credit.

The College-Level Examination Program (CLEP)

CLEP is a national program of credit-by-examination, sponsored by the College Entrance Examination Board, that offers the opportunity to obtain recognition for college-level achievement. No matter where or how the information was learned, the student may take the CLEP tests. If the results are acceptable to the college, credit is granted. Information about CLEP and application forms are available from the individual college advisers and the General Advising Center.

CLASS ATTENDANCE POLICY

The success of the courses and programs at Memphis State University is the joint responsibility of faculty and students. Just as the faculty are responsible for the teaching of courses and creation of programs and for maintaining high academic standards, students are responsible for participating appropriately in each of these courses, for completing all course requirements, for performing to the best of their abilities, and for attending classes. Class attendance, per se, will not be used in computing a student's course grade; however, each student must understand that performance on all measuring instruments will determine academic success, and that failure to attend and participate in class or to meet similar responsibilities (as in the case of an internship or a laboratory) will undoubtedly deny him the opportunities he may need to acquire the full understanding and skills necessary for successful completion of his academic work.

Instructors are permitted, for valid reasons, to have their courses exempted from this policy so that they may require attendance. A list of any courses that have been exempted from this policy may be found in the offices of the President, the Vice President for Academic Affairs, the Vice President for Student Affairs, the Deans of the five undergraduate degree-granting colleges, and in the Brister Library.

GRADE REPORTS

A mid-term deficiency report is sent to all undergraduate students whose performance in a course is "D" or "F" at mid-semester. Students whose performance is not deficient will not receive a report. In some cases, the deficiency report may be processed after a student has formally withdrawn from the University. A student who has formally withdrawn and received a deficiency report may disregard this report.

A grade report showing the grade received, credit hours earned, and quality points earned will be mailed to each student at the end of the semester. Also shown on the grade report will be hours attempted, hours earned, and grade point average. The report will be mailed to the permanent address.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE
EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT
THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD,
NO GRADES WILL BE RELEASED BY PHONE.

(The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
5000-5999	Courses offered in the Graduate School but open to seniors within 36 semester hours of graduation
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University catalog.

REGISTRATION PRIORITY

Since it is impossible to register all students of the University at the same time, it is obviously necessary to establish some priority in the assignment of registration times. At Memphis State University, registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned. This policy is based on the rationale that those students closest to the degree have the most critical need for choice of courses. The policy also has a pragmatic base since no other criterion of assignment seems to be as equitable and as easily administered.

Registration materials must be prepared before the end of the term that immediately precedes registration. Therefore, the appointment times do not reflect hours earned during these terms. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

It is recognized that a large number of students work. In fact, the majority of University students hold jobs either on or off campus. However, registration priority and associated registration appointment times cannot be based on the need to work precisely because such a large number of students do work. No practical or equitable way exists, therefore, to administer a priority system on the criterion of a student having to work.

Although the University is desirous of assisting transient students in obtaining the best possible program, a first obligation is recognized to native students continuing their program. Term special students will, therefore, be awarded registration appointments on the basis of hours earned at Memphis State University only.

DIRECTORY INFORMATION

In compliance with provisions of the "Privacy Rights of Parents and Students" act of 1974, Memphis State University must provide the following information:

1. The academic record of each student along with all documents submitted in support of the student's application for admission is maintained in the Records Office of Memphis State University and is maintained under the direction of the Associate Dean of Admissions & Records (Records).
2. Only the student, those individuals who have written authorization from the student, and Memphis State University personnel who have a legitimate educational need for the information will be allowed access to information relative to a student which is maintained in the Records Office.
3. Students who wish to review the contents of their files should contact the Records Counselor and Coordinator for an appointment.

4. The following information has been designated "Directory Information" and will be released upon request unless the student has made a written request to the Records Counselor and Coordinator that the information not be released upon request: name, address, telephone number, date and place of birth, major, dates of attendance, degree(s) awarded and the most recent previous educational agency attended by the student.
